Little Possums Early Years

Our Philosophy

We provide a unique home environment that is safe, inclusive and secure. Children and parents can feel both physically and emotionally comfortable in a natural and environmentally friendly setting, this allows the children to learn to respect nature and develop knowledge of our world and its sustainability.

Acknowledgement of Country

We respectfully acknowledge Noongar elders past and present and their people (specifically the Whadjuk people who are from this area) who are the traditional custodians owners of this land.

The importance of the community and its cultural heritage, respectfully valuing diversity of backgrounds, contributions and perspectives are acknowledged in our practice. We strive to provide a service that is fair, equitable and welcoming to all members of our community.

Education/Curriculum

The child is the centre of our program where every child is valued and respected, and is in control of their own learning journey. We believe play is the key element to provide opportunities to experiment, explore, problem solve and develop language skills through activities, and experiences that are fun, engaging and educational.

We actively encourage family involvement in the children's learning, through open communication, collaboration and community participation in our program development to optimise learning outcomes.

We observe, guide, assist and facilitate the child's development through experiences that integrate the child's interest and diverse background. The child is pivotal in deciding what and how learning occurs and the creation of the learning environment.

Within our setting the children benefit from interacting in the mixed age group environment as they are constantly learning new skills from their peers.

Child Relationships

With our shorter hours it enables personalised care having the same educators to welcome each family on arrival, provide genuine care for the whole day, giving families comfort in the knowledge that the same educator will be able to provide feedback at the end of the day.

Children are cared for in a safe, comfortable and nurturing environment to allow the building of trusting relationships with the educators who care for them and the peers they interact with.

Parent/Family Relationships

We pride ourselves on our extremely close relationships with parents, which contribute to us having an excellent community reputation.

Partnerships between families, educators and the children are paramount, and provide us with the knowledge to create a respectful, positive, and inclusive environment for all of the children.

Educators

As educators we draw upon our knowledge, past experiences and understanding of child development and this informs our professional practice. Utilising our awareness of child theorists we develop curriculum and learning experiences in our unique setting to encourage children to explore, experiment and investigate with the vast range of resources available to construct their understanding of the world around them.

We acknowledge the diverse range of skills, interests and insight of our peers and work together to support each other in our professional development as a team and as individuals, drawing on each other's areas of expertise to maximise the effectiveness of our practice, in alignment with current Early Childhood Theory and Childcare Practice.

Community Relationships

Little Possums Early Years is a not for profit centre that has been part of the Mundaring community for over 35 years. The service develops and nurtures close relationships within our community including businesses and outside agencies, we source local where possible. Little Possums is managed by a committee composed of parents, community members and Possums staff, the committee support the centre and have valuable relationships with the educators and families.

We pride ourselves on providing not only quality childcare but as a wealth of resources for members of the local community by sharing information on health issues, local community events and organisations, child development and children's health information.

Transition to school

Our 3 year old Pre-kindy program prepares children for the transition to Kindy by assisting them to develop skills and qualities necessary for an enjoyable and positive school experience. This includes coordinating bookings to support children in friendship groups including peer groups that will be attending the same schools.

We support all areas of the curriculum through the educational, play-based programme. Foundations of literacy and numeracy and other pre-academic skills are learnt both in the context of play, and through responsive and intentional teaching. In practice, this means that rather than "teach" the alphabet, or "practice" counting or implement off the shelf reading/phonics programs, we instead look for opportunities to engage with children about text and meaning, language, rhyming, ordering, counting, matching, spatial awareness (for example) in a natural play based context. Further, we pay attention to the Early Years Learning Framework for Australia which reminds us to focus on a child's "being" as well as a child's "becoming". That is, a recognition of the here and now as well as future development and transitions.

If your child will not be attending for a booked session please let us know as we do still offer casual spaces as parents/families require it.

Priority of Access

Little Possums Early Years is a community organisation and we believe that our main concern is the welfare of the families in our community, as a service we will endeavor to prioritise children who are:

1. At risk of serious abuse or neglect
2. Of a sole parent or parents who satisfy the CCS activity test.
3. Whose parent/s does not meet the CCS activity test.

Priority is given to:

Committee members child/ren – Priority 1-3
Enrolled child – Priority 1-3
Sibling of enrolled child – Priority 1-3
Any other child in catchment area – Priority 1-3
Any other out of catchment area – Priority 1-3

This meets the Australian Government's aims of helping families who are most in need and supporting the safety and wellbeing of children at risk.

Bookings

Possums Room Fees: \$88.00 per day – 8.30am until 3.30pm We will endeavor to have a couple of casual places available each day for parents who require extra care in the week, this will be booked as an extra day not as a swap for a regularly booked day.

Pre-Kindy Program Fees: \$92.00 per day - 8.30 until 3.30pm.

Payments

In both rooms payment is required even if your child is sick or unable to attend, 1 weeks' notice is required if you wish to cancel your permanent booking. Public holidays are payable however the centre will be closed.

As a child who is not up to date or doesn't have a certificate will be unable to enrol at the service due to the Western Australian Immunisation requirements.

If your child's Immunisation is due, please be aware that to continue to receive CCS this must be done, if your child's Immunisation lapses, centrelink will stop your CCS and you will not then receive CCS for the un-immunised period.

Little Possums accepts new enrolments of babies once they reach 4 months old.

Enrolment Process

Parents/guardians will need to complete an enrolment form before a booking can be made for a child, these are available on our website, a hard copy is available in the main foyer or we can email you a copy. Once we receive the completed enrolment form, sight your child's birth certificate and receive a copy of the immunisation history we can then precede with your enrolment.

When a parent completes an enrolment form, then makes a booking for their child, for that booking the information regarding the authorised contact details stand for that booking. If the other parent wishes to complete an enrolment form and make a booking, then the authorised contact details on that form will stand for that booking.

Please note that the emergency contact person and number must be a person other than the parents and be over 18 years of age.

Child Care Subsidy

As an approved centre you may be able to claim CCS, most families are entitled to some form of benefit. To find out if your eligible and to apply please contact Human Services on 136150 or visit the website at www.humanservices.gov.au or visit your nearest family assistance office located in Centrelink service centres.

Once you have registered please advise the service of yours and your child's CRN number, once the centre has enrolled the child, the parent will need to then approve the booking online through their myGov account. Families claiming the Childcare subsidy will not receive benefit until they have done the approval.

For further information please see the fact sheet in the foyer.

Due to Government regulations if you are claiming CCS and your child is absent on the first or last booked day of care if you do not meet the approved absence reason full fees will apply and no childcare subsidy will be payable.

Delivery and Collection of Children

Parents are encouraged to deliver and collect their own children. However provision is made on the enrolment form for additional people (over 18 years) to provide this service for the parent. Prior notification must be given for people not known to the Centre to collect a child, and formal identification will be required. Provision is made on the enrolment form for specific custody arrangements.

If the children are not collected at the end of the day when the centre closes, a late fee of \$5.00 per child will be charged for the first 10 minutes, and \$1.00 per minute per child thereafter.

When the Centre is closed, after 10 minutes the next of kin will be contacted and asked to collect the children. If this is unsuccessful, emergency contact 1 & 2 will be contacted and asked to collect the children.

If no contact can be made the Nominated Supervisor will contact DCP and ECRU and follow the centres late collection action plan (available in the Policy File).

Signing In and Out

Under the Education and Care Services National Regulations 2012, daily attendance of the child must be completed by logging in on the Ipad in the main or kindy foyer and signing the child in or out, this records the exact attendance times. When your child is absent a notification will be given to you the next time you log in to remind you to approve the absence. Any person who is an authorised contact person must set up their own passcode on the ipad and sign the child in or out as themselves, please do not give your passcode out to other people who may collect your child.

All absentees need to be approved by the parents as CCS cannot be claimed for these if the child is not signed as absent, a reminder will appear on the ipad the next time the parent signs in.

The Department checks these records, and as a service we use data from the Ipad in an emergency evacuation, so we know which children are on the premises and family contact numbers.

Sun Protection Policy

To ensure that your child is protected by the sun, we have a year-round sun policy.

During the summer months and when the UV index is high please put sunscreen on any exposed areas of your child's skin before coming to the Centre. Coles everyday sunscreen factor 50+ will be reapplied before going outside again in the afternoon. We have a sun protection policy of "No Hat, No Play" in the summer months.

If your child requires their own sunscreen please hand it to an educator on your arrival.

Clothing Policy

Please do not send your child into the centre in their best clothes as we encourage them to participate in messy play, we do provide aprons but sometimes this just isn't enough to keep them clean. We do sell Little Possums T-shirts if you wish to purchase one.

Sleep/Rest Policy

Children will be provided an opportunity for sleep/rest time within the centres routine, after consulting with the parent regarding individual routines children will be encouraged to sleep if required, quiet activities will be made available for children to experience whilst other children sleep.

Most behaviour management used is verbal discussion. For severe or continuous poor behaviour, we will remove them from the situation to calm before discussing their behaviour.

Parents will be informed of poor behaviour and, if severe, will be required to attend a meeting to discuss behaviour management strategies.

All children should bring a change of clothes and be appropriately dressed for outside play, hats are essential also during the summer months. Please place in a clearly labelled bag. They also need to bring their own fruit for morning and afternoon snack, please choose a piece of fruit your child can either eat by themselves or fruit

previously cut up at home and brought in a small container (we do not cut it up to share in the pre-kindergarten room), also their drink bottle.

All Children need to bring their lunch which needs to be allergy aware (egg and nut free) and be able to be eaten out of their lunchbox. For more ideas about healthy lunches www.health.gov.au see the Get up and Grow resource.

Parents/families are welcome to contribute to these. Any changes are fully explained and communicated to families by being on display in the foyer prior to implementation.

Students

We support local schools, tafes and universities by accepting their students to further their education and knowledge in the field of Childcare and education through work experience.

Emergency Evacuation

The centre has adopted a stay in place emergency plan under the guidance of Mundaring Shire and their Fire Hazard inspection officer, the procedures are available in both rooms on the wall for your information, we practice the emergency plan every 3 months, we also have an Emergency evacuation/Hazard management plan should the need arise to evacuate the service, this is also practiced regularly.

Bushfire Information

In the fire season if the Bureau of Meteorology state that the bush fire rating for our area is classed as Extreme for the following day we will close the centre for that day, all parents/families will be contacted either by telephone, through Qikkids email or Storypark the previous day. We regularly practice our bushfire evacuation with the children.

Child Protection Policy

Our Protective behaviors program and the child protection notification policy are on display in the main foyer.
